PENSACOLA, FEB. 19, 1900.

CANDIDATES for the governorship are trying to figure out the exact size of the "scoop" which Candidate Jennings has engineered on them by bringing his distinguished cousin to Florida on a family visit at a critical period of his gubernatorial candidacy.

The established belief that all manner of microbes and bacilli are destroyed by extreme cold is now alleged to have been disproved by scientific experiments recently conducted by Prof. Dewar of England, the discoverer of the process for liquifying air. Specimens subjected to cold 190 degrees below the freezing point emerged from the test with unimpaired vitality.

No one who knows U. S. Senator Taliaferro or his partner, State Senator C. B. Rogers, either in or out of Florida, will be at all troubled by the gauzy story published in one of the New York yellow journals about a mammoth steal of government meat in which they are alleged to be implicated. Still less will anyone credit the wild tale when they learn that it is believed to have originated with ex-Senator Call.

HAVE the readers of newspapers—and their numbers are almost co-extensive with the entire adult population of the country—ever reflected upon the fact that notwithstanding the enormous advance in the cost of paper, the subscription prices and advertising rates have not been correspondingly advanced? Every article of merchandise sold in the stores is made to promptly respond in price to every shade of the general market, but the newspaper man calmly goes on, pocketing his losses, and supplying his customers at the old rates. Curious, is it not?

The State Reformatory.

The Jacksonville Evening News calls attention to the fact that although the buildings of the state reformatory school at Marianna have been finished and furnished for some time, its officers and employees selected and put on duty, only one inmate has been received; and that paper states that a number of youths who should have been sent to the school are confined in the jail of Duval county among older criminals of all grades. Doubtless like conditions exist in other counties, since the clamor for the completion of the buildings and the opening of the institution was widespread throughout the state a few months ago. The News protests its inability to understand why youthful criminals are not sent to the school according to the plan and purpose of its establishment.

Section 10 of the act providing for the establishment of the reformatory reads as follows:

That for the support of the inmates of said reformatory school each county shall pay at the rate of fifty dollars per annum until said institution shall become self-sustaining, for every individual sent from such county, payment thereof to be made quarterly in advance, for the board and clothing of each person sent by such county, the money so paid to be expended by direction of the board of managers.

Can it be possible that this provision is allowed to stand in the way of the proper execution of the law? Are county officials neglecting or defying the plain letter of the law? When magistrates commit juvenile offenders to the reformatory, do boards of county commissioners fail or refuse to provide the necessary funds for sending them thither and paying the first quarter's subsistence for them at the school? If they do, why? Do other county officials who receive pay for keeping and feeding prisoners hesitate to give up the custody of those from whom they acquire profits? Or after all, does the fault lie with the magistrates, who ignore the law and commit youthful criminals to the jails instead of the reformatory?

These are pertinent and vital questions, and the answers to them

are easily accessible to the press in every county in the state. Let a general investigation of the causes of this extraordinary condition ensue without delay, so that the people at large may know exactly where lies the blame in each case. The press almost unanimously demanded the establishment of the reformatory—let the newspapers of the state now discover and give publicity to the reasons why the beneficent purposes of the law are not fulfilled.

Dr. Bull's Cough Syrup has saved many a life. It can always be relied on to cure the dangerous croup and whooping cough. It gives immediate relief and should be kept in every home. It only costs 25c a bottle.

LAST WEEK'S EXPORTS.

West Hartlepool	10,000
Vera Cruz	9,379
Newport	8,020
Genoa	6,105
Dieppe	5,000
Havana	1,850
Total	\$289,258

The items of export were:

Timber and lumber, s. ft.	8,785,580
Walnut logs	47
Oak staves	6,310
Cotton, bales	3,520
Coal, tons	8,194
Rosin, barrels	9,006
Phosphate rock, tons	75
Lard, tierces	71
Flour, barrels	58
Cotton seed meal, sacks	4,318

Irregular bowel movements lead to chronic constipation. PRICKLY ASH BITTERS is a reliable system regulator; cures permanently. Sold by Hannah Bros.

A NEW DEPARTURE.

More About the New Methods at The People's Store.

THE NEWS of Saturday contained a reference to the arrival in the city of Mr. A. Schwartz, proprietor of The People's Store, to assume personal charge of that extensive establishment, and to inaugurate some changes in its methods of management. A News representative visited Mr. Schwartz this morning and learned some additional particulars concerning his plans.

"I have made several brief visits to Pensacola since I established this business," said Mr. Schwartz, "but now I have come to stay. I have always admired the city and am glad to become one of its permanent residents. I desire particularly to make the personal acquaintance of all the customers of The People's Store. Having been represented by others entirely, this will be a source of great pleasure to me, and, I hope, to those with whom, through my agents, I have been doing business so long.

"From my experience elsewhere, I am convinced that doing business on smaller profits, and turning money over more rapidly, is the true secret of business success. I believe that such a policy will not only stimulate trade but will also be a welcome innovation here which the people will appreciate. I expect to do the empty bragging, but shall endeavor to prove to every customer that I favor me with their custom that goods can be sold at prices greatly reduced from those which have heretofore prevailed here, and that, too, to the mutual benefit of buyer and seller."

Mr. Schwartz is young, courteous and pleasing in manner, and strictly up-to-date in his business methods; and THE NEWS predicts for the People's Store, under his personal management, a success that will prove nothing less than phenomenal.

Kidney disease is the enemy we have most to fear as a result of the feverish restlessness of our much vaunted modern civilization. It is a treacherous enemy, working out its deadly effect under cover of the most trifling symptoms. The first indication of changes of the urine, frequent headaches, digestive troubles, should be the signal for prompt remedial measures. PRICKLY ASH BITTERS is a kidney remedy of superlative merit; it is soothing, healing and strengthening, quickly relieves the aching or soreness that always appears in the advanced stages, checks the progress of the disease and through its excellent cleansing and regulating effect on the stomach, liver and bowels, it brings back the strength and ruddy glow of vigorous health. Sold by Hannah Bros.

Hood's Pills

A GREEK ROBBER.

Two Negro Boys Played a Desperate Sunday Night Game.

Last night the fruit and grocery store of Angelo Garelli, situated in the West end across from Norman's barroom, was entered by two negro boys, Willie and Oliver Johnson, who carted off a big pile of money, fruit, etc.

The matter was at once reported at the police headquarters and the boys were soon captured.

In the police court this morning they were turned over to the county authorities to await trial in the criminal court.

"Better late than never." It is best, however, to be never late about taking Hood's Sarsaparilla to purify your blood. Take it now.

THE POLICE COURT.

Frank Butler Ordered Out of Town for Assault.

There were only eighteen cases before the mayor this morning, five of which were discharged and one continued. The fines amounted to \$52.50.

Frank Butler, charged with assaulting Dick Fowler with his hand, was ordered to leave town.

Geo. Ball and Andrew Skane, charged with fighting, were fined \$10 and \$5 respectively.

Callie King, charged with keeping a disorderly house, was fined \$5.

Archie Sees, charged with assaulting Ella Holly with a chair, case continued until to-morrow morning.

Lula Gerlese, charged with being disorderly by loud and boisterous cursing, was fined \$7.50.

THE MODERN WAY

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches, and fevers without unpleasant after-effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Co.

A NOTABLE DEAL.

Large Plot of Choice Business Property Changes Hands.

Messrs. J. E. Stillman & Co., the well-known real estate dealers, closed a transaction this morning that is destined to mean very much to Pensacola's onward march to wealth and prosperity. The event consists of the sale, to Mr. David S. Saulsbury of Michigan, at figures not yet made public, of one of the choicest plots of business property in the city, extending from the office of the Southern Express company to the corner of Baylen street, and thence northward to the property of Mr. Chris. Thiesen, making a front on Government street of 20 1/2 feet, and on Baylen street of 25 feet.

Although the purchaser has as yet formed no definite plans for the improvement of this splendid property, it is believed that one or more buildings, possibly including a hotel, will occupy it at an early day, as the purchase was not made for speculation but for improvement. The building up of this portion of the business part of the city will constitute a benefit which can be readily appreciated. No choicer location is likely to come into market, and no better investment for business purposes could have been made.

It is a Real Pleasure to us to speak favorably of PAIN-KILLER, known almost universally to be a good and safe remedy for burns and other pains of the body. It is valuable not only for colds in winter, but for various summer complaints, and should be in every family. The casualty which demands it may come unawares.—Christian Advocate. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

Facts vs. Romance.

The publication of an article appearing in the columns of the Pensacola Press of Friday, Feb. 16th, headed "A Bit of Romance," and announcing the marriage of my daughter to Dr. Shattuck, U. S. A., in Pensacola on the evening of Feb. 16th, was an unwarranted liberty without cause or justification. The article was the result of a malicious rumor, was published without my knowledge or consent, or that of any of the parties concerned, and was a tissue of falsehoods from beginning to end.

The statement made by members of the Press force that the report was verified as coming through Lieutenant Commander M. L. Wood, U. S. navy yard, and Dr. McCullough, U. S. A. of Fort Barrancas, respectively, is as false as the report itself, as both the above named officers have disclaimed to me in person any knowledge of the matter, and their names are used in this connection with their full knowledge and consent.

The end and aim of a newspaper is to disseminate news, and not give voice to and circulate rumors which are often as deadly as the dagger of the assassin and as destructive as the torch of the incendiary, destroying reputation, killing confidence and wrecking human lives; and, if the publication of such reports is to mark the course of the Press, it will, and can not too soon, receive the condemnation of all good thinking people who have the safety of the community at heart.

Mrs. W. J. WHEAT.

Dr. Bull's Cough Syrup invariably cures promptly all catarrhal affections. This wonderful medicine performs to-day, and has performed in the past half century, the speediest cures of colds in the throat, chest and lungs.

Important meeting and election of officers at 8 o'clock Tuesday night. Every member is urged to attend.

R. E. L. DANIEL, Secretary.

A DISTINGUISHED GUEST.

Hon. D. H. Mays of Monticello Visits Pensacola.

Hon. Dannette Hill Mays of Monticello, one of the most prominent of the several avowed candidates for the governorship, arrived in the city Saturday night to become the guest of his brother-in-law, Hon. C. B. Parkhill, for a few days. A representative of THE NEWS had the pleasure of an interesting conversation with Mr. Mays yesterday, and learned that the purpose of his visit is three-fold, viz: To visit his relatives, to mingle with his many Pensacola friends and to enjoy the celebrated lecture of General Gordon. Mr. Mays laughingly disclaimed any intention of "looking after his fences," as the political nomenclature of the day has it, for the reason that, so far as this county is concerned, he certainly appreciates, to the fullest extent, the kindly feeling which appears to prevail here towards him.

Speaking generally of the canvass for the gubernatorial nomination, the distinguished candidate remarked, with an air of intense satisfaction, that nothing could be more cordial and satisfactory than the friendly relations existing between all of the avowed candidates for the governorship, or more pleasing to them and to their numerous friends and supporters than the high plane upon which the quiet campaign is being conducted. And he added, with emphasis, that so far as he was concerned he should take care to continue it to the end on the same lines.

Mr. Mays regards it as reasonably certain that the national convention will be held not later than the first week in June; that the state convention will be assembled something like two weeks earlier than that date, and that therefore, the active work of the state campaign—in the several counties—is directly imminent, and the time for the individual members of the party to make their choice between the several candidates for both state and county offices is, perhaps, much nearer at hand than many of them imagine.

After a day or two spent here in social intercourse with his Escambia county friends, Mr. Mays may, on his way home, stop over at one or two West Florida points, to visit others.

Dr. Bull's Cough Syrup cures the worst cold in a day; stops the running of the nose; breaks the fever and banishes all tendencies toward pneumonia. It is the quickest reliever and curer of throat and lung diseases.

NOAH'S ARK WRECKED.

Three Young Men of This City Have a Thrilling Experience.

A party of three young men left here Friday morning on the sailing sloop Noah's Ark for a fishing trip across the bay. Messrs. C. B. Licata, Louis DeBrux and Jas. O'Brien composed the party.

When the sloop came near the quarantine station a fierce gale struck them and broke the rudder, tore the sails, carrying away part of them. The young men were stranded on the beach and had to stay there all night in the cold.

Saturday the tug Jumbo, which was passing, picked them up and brought them to the city, landing them here about 11 o'clock.

In a conversation with one of the party this morning a News reporter was told that they went for twelve or fourteen hours without a mouthful to eat or anything to drink.

The last sandwich that was left was captured by one of the party and hid on the beach, and when he became very hungry he went for it and to his sorrow there was a big hog just ahead of him, snacking his lips, just after finishing the meal.

The boat is still on the beach, high and dry, and will be brought to the city to-day, if it can be hauled off.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, slays the pain, cures wind and colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Cleaning ladies' skirts and waists is one of our specialties. Star Laundry.

COLORS CHURCH ON FIRE.

On Coyle Street This Morning—Slight Loss.

An alarm from box 17 at 9:10 this morning called the fire department to the Mount Moriah colored Methodist church on Coyle street, where the roof was on fire, caused from a defective chimney. The fire was soon extinguished without throwing water from the hydrant. The loss is estimated at about \$15.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottles free at W. A. D'Alemberte's drug store; every bottle guaranteed.
